GRADUATE PROGRAM ACTIVITIES ON THESIS, DNP PROJECTS, AND DISSERTATIONS

Year(s)	Type (thesis, DNP Project, Dissertation)	Student	Title	Your Role
2016	DNP Project	Kim Lange	Implementation of Weight Loss and Health Promotion in a Primary Care Clinic: A QI Project	Lead Faculty
2017	DNP Project	Ashely Crain	Implementation of CDC Guidelines for HIV Screening In 13-64 year olds in a Rural Outpatient Clinic: A Knowledge to Action Project	Lead Faculty
2017	DNP Project	Amanda Hill	Implementation of the National Institute on Drug Abuse Recommendation for Screening Adults for Substance Abuse in the Primary Care Setting	Lead Faculty
2017	DNP Project	Terrie Thompkins	Implementation of the American College of the Obstetricians and Gynecologists Recommendation For Breastfeeding Education: A Knowledge to Action Project	Lead Faculty
2017	DNP Project	Mary Truxillo	Implementation of the American College of Obstetricians and Gynecologists Recommendation For Human Papilloma Virus Vaccination in Females:	Lead Faculty

			A knowledge to Action Project	
		Lauren Ballard	Implementation of the American College of Obstetricians and Gynecologists Recommendation on the Use of Long Term Reversible Contraception: A Knowledge to Action Project	Team Member
		Carlnetta Rabb	Implementation of the American Diabetic Association Recommendations for Diabetic Self-Management Nutritional Education: A Knowledge to Action Project	Team Member
		Brittani Wild	Improving Primary Care Provider Satisfaction with Caring for Medically Fragile Infants: Implementation Of the Discharge Action Tool	Team Member
		Kimberly Bertucci	Development of an Understandable and Actionable Educational Brochure on Zika Virus for Women of Childbearing Age and Obstetric Patients: A Health Literacy Knowledge to Action Project	Team Member
2018	DNP Project	Alexis Fox	Does educating primary care providers regarding use of the CHA ₂ DS ₂ -VASc scoring system to assess stroke risk in patients with nonvalvular atrial fibrillation lead to	Lead Faculty

			increased use of the instrument?	
2018	DNP Project	Alexandra Koehler	Does educating the primary care provider regarding use of the American Heart Association/American College of Cardiology (AHA/ACC) risk algorithm tool to guide statin therapy in adults 40 to 75 years old in the primary care setting lead to increased use of the risk algorithm tool and based on its results, the prescribing or adjustment of statin medication?	Lead Faculty
2018	DNP Project	Olga Martinez	In adult primary care, does the use of Atherosclerotic Cardiovascular Disease (ASCVD) risk calculator improve the prescribing of statin medications?	Lead Faculty
2018	DNP Project	Leslie Sanvi	Does provider education regarding the use of the ASCVD risk estimator in pt's 40-79 years of age without preexisting cardiovascular disease aid in increasing use of the screening tool and statin therapy prescribed?	Lead Faculty
2018	DNP Project	Jennifer Roche	Does the implementation of a smoking cessation and education program improve rates of smoking cessation attempts in a rural primary care clinic?	Lead Faculty
2018	DNP Project	Kaitlyn Free	In providers caring for children two to eighteen years of age with a body mass index (BMI) greater than or equal to the 85 th percentile, does an educational session	Team Member

			focused on the American Academy of Pediatrics' (AAP) Algorithm for the Assessment and Management of Childhood Obesity result in increased knowledge and implementation of the recommended AAP's Algorithm?	
2018	DNP Project	Hieu Tran	In high risk men and women as defined by the CDC being tested for HIV, does education regarding pre-exposure prophylaxis(PrEP) provided by clinical staff, increase the rates of patient PrEP requests utilization?	Team Member
2018	DNP Project	Summer Marshall	Administration of the Safe Environment for Every Kid (SEEK PQ-R) abuse and neglect risk factor screening tool to caregivers of pediatric patients	Team Member
2019	DNP Project	Caitlyn Blanchard	Implementation of a Melanoma Risk Assessment Tool in the Primary Care Setting: A Quality Improvement Project	Lead Faculty
2019	DNP Project	Hilary Brown	Normalizing the Conversation Surrounding Human Immunodeficiency Virus (HIV) and Pre-exposure Prophylaxis (PrEP): Implementation of a HIV Virus Risk Screening to Increases the number of PrEP prescriptions	Lead Faculty
2019	DNP Project	Sophia Burka	Improving Preconception and Prenatal Ashkenazi Jewish Screenings in the	Lead Faculty

			Obstetrics and Gynecology Clinic	
2019	DNP Project	Sara Junot Gaspard	Implementing Postpartum Depression Screening of Mother's in a Pediatric Clinic: A Quality Improvement Project	Lead Faculty
2019	DNP Project	Sarah Kelly	Nurse Practitioners Use Interactive Teach-Back Approach to Childhood Overweight and Obesity Education	Lead Faculty
2019	DNP Project	Caroline Ragon	Screening for Melanoma in the Primary Care Setting: A Quality Improvement Project	Lead Faculty
2019	DNP Project	Katherine Rossi	Increasing Routine Human Immunodeficiency Virus Screening in Patients ages 13-64 in a Rural Primary Care Setting: A Quality Improvement Project	Lead Faculty
2019	DNP Project	Brittany Ragas	In progress	Team Member
2019	DNP Project	Sharell Randolph	Increasing Urinary Incontinence Screening in the Primary Care Setting: Implementation of a Urinary Incontinence Screening Tool	Team Member
2019	DNP Project	Christine Evans	Implementing the Generalized Anxiety Disorder-Seven Screen in Diabetic Patients: A Quality Improvement Project	Team Member
2019	DNP Project	Jason Green	Identification of Military Veterans in Non-Veterans Affairs Primary Care Settings: Improving Mental Health Care Delivery	Team Member
2019	DNP Project	Tyler Murry	Implementation of Targeted Human Immunodeficiency Virus	Team Member

			and Hepatitis C Virus in Compliance with the Centers for Disease Control and Prevention in a High-Risk Population: A Quality Improvement Project	
2019	DNP Project	Kelly Nuckley	Implementation of the Patient Health Questionnaire (PHQ-A) for Adolescents in Pediatric Primary Care: A Quality Improvement Project	Team Member
2019	DNP Project	Gabrielle Weyer	Implementation of the American Society of Nephrology in Conjunction with the Choosing Widely Campaign Campaign's Recommendation to Reduce NSAID-Related Risk in Patients with Hypertension, Congestive Heart Failure, and Chronic Kidney Disease	Team Member
