<b>Clear Copper Mask</b> Use temporarily for specific patients meeting communication criteria; not to be worn all shift or in procedural areas or isolation rooms 		<b>Cloth Mask</b> 	
		Cloth masks must be laundered at home daily	

# Visitor/Patient Masks

All visitors and patients must wear a mask or face covering while in an Ochsner facility to prevent the spread of COVID-19

## Type of Mask/Face Covering

Permitted for use in Ochsner Facilities

**Surgical/  
Procedure  
Mask**

**N95 Respirator**

**Clear  
Masks**

**Cloth Mask/  
Face covering**

**Masks with Valves**

Please replace or cover with a mask provided at the temp check station

**Bandanas or  
Neck Gaiters**

Studies show these types of face coverings do not help reduce spread of COVID-19. Please replace with a mask from the temp check station
