Forrest General Hospital recognizes the value of medical education and acknowledges the benefits that undergraduate medical, physician assistant, nurse practitioner and nurse anesthetist students provide to both patients and clinical staff. Forrest General Hospital desires to assist these students in achieving their medical education objectives by making available the use of clinical and other facilities within the hospital.

Forrest General Hospital's Board of Directors and medical staff require that an agreement exist between Forrest General Hospital and the schools before these students are able to participate in clinical activities at Forrest General Hospital. This agreement must include a statement of affiliation and a release and hold harmless agreement. Students must be enrolled in a medical school or an accredited program. **Forrest General Hospital's Chief Medical Officer must approve all students before they begin.**

The responsibility for the student's involvement and activities in the clinical practice of medicine at Forrest General Hospital will be under the supervision, direction, and control of the attending physician.

1. At least three (3) weeks prior to starting clinical activity a Forrest General Hospital:
  - Student must contact Medical Staff/Credentialing Office at 601-288-4242 or email Tina Boquet at [tboquet@forrestgeneral.com](mailto:tboquet@forrestgeneral.com)
  - Provide completed Student Packet with all appropriate documents signed by student along with
    - A copy of the Students Driver's License
    - A copy of the Students Student ID
    - Proof of Flu Vaccination (if available)
2. On or before the first day of clinical rotation at Forrest General Hospital Students must:
  - Get FGH ID badge in Human Resources
  - Have background check and fingerprinting done in Human Resources.
3. A physician/or group of collaborating physicians must be appointed to assume responsibility for the student's clinical activities/actions in this facility.
4. Clinical responsibilities are designated to the student by a physician that is providing supervision.
5. At no time may the student perform functions which would constitute medical practice and that all duties performed by the student must be done under the physician(s) supervision and upon the physician(s) authority. The physician(s) assume all responsibility for the student's actions while providing service to the physician's patients and accountability for the student's conduct within Forrest General Hospital.
6. Student's documentation will not be considered official chart documentation. It will be filed under the "student" tab in EPIC and be utilized for teaching purposes only.
7. Students may not assume any responsibility for making final diagnosis or directing patient care.
8. Students will receive orientation and have access to Electronic Medical Record (EMR) for chart review.

9. Students may assist in surgery under the direct supervision of an attending physician according to their level of training and experience. An attending physician must be present in the room at all times, and direction on the type of procedures with which a student should be assisting shall be provided by the appropriate Medical Director of Surgical Services

**STUDENT STATEMENT/JOB DESCRIPTION ATTESTATION**

I have read and agree to abide by the conditions listed above, all approved FGH policies during my preceptorship in this facility, the course clinical objectives, and approved skills which have been provided to FGH. Additionally, I have read, understand and agree to comply with the student job description for the role in which I am training.
