Am I Cleared for Clinicals?

As a healthcare provider, it is your responsibility to maintain the health requirements set by your school and/or employer to ensure your health and safety and that of your patients. In this document, you are provided with tools that will help you to maintain your requirements for clinical clearance at LSUHSC-NO School of Nursing.

Note: LSUHSC's Student Health Department cannot answer questions regarding clinical clearance.

The following items are required for clinical clearance:

Item	Notes
LSBN Student Clinic License	Office of Student Affairs ensures that students are compliant before beginning their first clinical course.
Negative 10-panel Drug Screen	Office of Student Affairs ensures that students are compliant before beginning their first semester.
Background Check	Office of Student Affairs ensures that students are compliant before beginning their first semester.
Measles/Mumps/Rubella (MMR) Vaccination ***or*** Positive Titer	Documentation of a two (2) dose vaccine series ***or*** a positive MMR titer. Office of Student Affairs ensures that students are compliant before beginning their first semester.
Varicella Vaccination ***or*** Positive Titer	Documentation of two (2) doses of Varicella vaccine ***or*** a positive Varicella titer. Office of Student Affairs ensures that students are compliant before beginning their first semester.
Hepatitis B Vaccination ***and*** Titer	Documentation of the two (2) or three (3) dose vaccine series ***AND*** a Quantitative Hepatitis B Surface Antibody titer. If the titer is negative, a booster is required*. Office of Student Affairs ensures that students are compliant before beginning their first semester.
Tuberculosis (TB) Skin Test ***or*** Blood Test	TB tests are valid for one (1) year and cannot expire during a clinical rotation. If your test result is "positive," see the link below for guidance*.
Tetanus/Diphtheria/Pertussis (Tdap) Vaccination	Tdap vaccination is valid for ten (10) years and cannot expire during a clinical rotation.
Flu Vaccination	Flu vaccination is required annually during flu season (Aug 31 – March 31). A declination form is required annually if you are not receiving the vaccine, and you will be required to wear a mask in the clinical facility.
COVID - Initial Vaccination Series	COVID vaccination is required by some clinical facilities. If you do not provide COVID vaccination information, you may be required to wear a mask in the clinical facility.
American Heart Association BLS Provider Certification	AHA BLS Provider certification is valid for 2 years and cannot expire during a semester.
Professional Liability Insurance	Professional Liability Insurance is valid for 1 year.

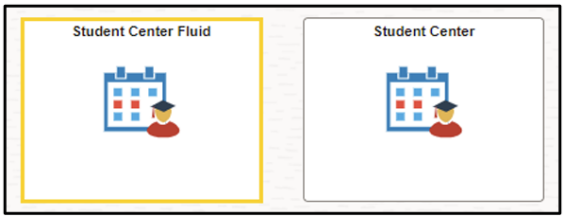

*For complete information on student health requirements including instructions on submitting information and guidance on negative titers and positive TB tests, visit the Student Health website.
Reminder: Current BLS certification and liability insurance should be uploaded to the *Student Profiles* Moodle course.

How can I see my Student Health Portal Information?

To download a summary of your Student Health Portal information (this is the health information that is used to clear you for clinical) follow the instructions below. Once you have your summary, compare it to what is required above. Keep the ***start*** and ***end*** dates of your clinical courses in mind as TB tests and vaccines cannot expire during a rotation. **Reminder:** your current AHA BLS Provider card and professional liability insurance policy must be uploaded to the Moodle *Student Profiles* course.

1. Log in to Academic Self-Service then click the **Student Center Fluid** tile.

2. Open the drop-down menu for the **Personal Information** section.
3. Click the **Health Record Report** link in the **Personal Information** menu.

4. Click the **Health Record** link.

5. Your **Student Immunization/Health Record** will open in a new window. Print or download the document.
